

MARIJKE VAN DER VEER

• RESEARCHER •

MARIJKE IN A NUTSHELL

I am a 24 year old researcher who is eager to learn new skills and curious to new experiences. I am a social animal, who recharges in lively environments and loves working together as a team, all determined to grow. When I'm not working, I enjoy preparing delicious meals or stretching and flexing muscles on a yoga mat.

DATE OF BIRTH

5 NOVEMBER 1991

ADDRESS

SLOTERMEERLAAN 1, A405

1064 GX AMSTERDAM,

THE NETHERLANDS

EXPERIENCE

INTERN

Netherlands Institute for Neuroscience | Oct '15 - Jul '16

I contributed to a study in which we aimed to assess the immediate neuronal effects of deep brain stimulation (DBS). Together with my supervisor we faced many technical and analytic challenges due to the novelty of our research design (simultaneous DBS-fMRI).

Eventually, we made a major step forward by demonstrating a powerful and sophisticated tool for untangling the effects of electrical stimulation of (ab)normal brain functioning. I was accountable for the data collection, data analysis (SPSS, MATLAB) and the research report.

EMPLOYEE

Deli-caat | Oct '14 - Present

Preparing and selling meals to customers in an organic food shop; providing service and building on customer relations.

EDUCATION

MASTERS DEGREE - COGNITIVE NEUROPSYCHOLOGY

Vrije universiteit Amsterdam | '14 - '16

Graduated cum laude which earned me the title of M.Sc. Cognitive Neuropsychology (research master).

EXCHANGE PROGRAM

Humboldt Universitat zu Berlin | Jan - Aug '14

As a part of my studies at the Vrije Universiteit Brussels, I went on an exchange program in Berlin.

BACHELOR'S DEGREE - PSYCHOLOGY

Vrije Universiteit Brussels | '11 - '14

Graduated cum laude which earned me the title of B. Sc. Psychology.

LANGUAGES

I was born in the Netherlands, but learned to speak English & German through travels and studies.
